

# JOHN XAVIER LAMBERT

AUTHOR | ACTOR | KIDPRENEUR

John Xavier is an 9-year-old, two-time published author, actor and kid S.T.E.M enthusiast from the Greater Philadelphia area. His favorite part about being an author is sharing his books through author visits and writing clinics, where he encourages other kids to write their own stories.

He is the author of John's Journey to Outer Space (2019) and John's Virtual School Journey (2020). Also, John Xavier is known as an actor on Mare of Easttown (HBO; 2021) and Prep (2022). Additionally, he has been able to share his love for science live on Exposure TV Network, the JoyNook Podcast and Good Day Philadelphia.

When John is not writing, acting or conducting science experiments, John Xavier is learning Spanish, cooking, participating as a Cub Scout, or playing video games.
