

MATH DICE GAME

LEARN HOW TO ADD AND SUBTRACT USING DICE!

You will need a pair of dice to play this game.

Directions:

STEP 1: Roll the dice

STEP 2: Add the numbers that are on top of the two dice

STEP 3: Write the corresponding answer on the blanks

$$\square + \square = \underline{\hspace{2cm}}$$

$$\square - \square = \underline{\hspace{2cm}}$$

$$\square - \square = \underline{\hspace{2cm}}$$

$$\square + \square = \underline{\hspace{2cm}}$$

$$\square + \square = \underline{\hspace{2cm}}$$

$$\square - \square = \underline{\hspace{2cm}}$$

$$\square + \square = \underline{\hspace{2cm}}$$

Why is the number six so scared?

Because seven eight nine!
